Education

Senior Business Information System BIS , Helwan University

Garad :Excellent

Objective

I am a dedicated and ambitious Business Information Systems student with a strong foundation in front end development and data analysis. Seeking an internship or junior position where I can apply my technical and analytical skills, gain hands-on experience, and contribute to impactful projects. Eager to grow professionally in a dynamic tech-driven environment and work toward a future leadership role in technology

Profile

I am a senior Business Information Systems student at Helwan University with a strong interest in front-end development and data analysis. I bring a combination of technical skills in HTML, CSS, JavaScript, and Microsoft Office, along with hands-on experience in student activities like PR, HR, and front-end internships. I am passionate about using technology to solve real-world business problems and aim to grow into a role where I can bridge the gap between technical solutions and business needs. My long-term goal is to become a Tech Project Manager or Product Owner, leading digital transformation projects that make a meaningful impact
